## Your Time. Our Priority.

Our doors and panels are manufactured in-house so you can be confident that our fabrication process adheres to Australian standards. We offer premium gloss, matt and woodgrain finishes for every application.

The real benefits though, are in the cost and efficiency. We cut to your specs, so you only pay for what you need. And our super fast lead times are 48 hours to 10 days, based on your location and job size.

**+ Prefabricated to your specifications**

**+ Manufactured from E0 MDF board**

**+ Quick lead times to optimise your production capacity**

### 10 Year Indoor Warranty

The OptiBoard product is backed by a 10 year indoor warranty. Follow the care instructions to keep your kitchen looking beautiful for years to come.

### Fingerprint-resistant

The superior surface of the OptiBoard product is highly fingerprint-resistant. For spills and stains, simply wipe with warm water - no harsh chemicals required.

### Recyclable

The OptiBoard product is bonded to moisture-resistant MDF. OptiMatt PET is a safe, non-toxic, strong and lightweight material that is 100% recyclable.

### Double-sided Decors

Our board program features double-sided decors for a premium finish on your doors and drawers. Our board is double-sided pressed, never wrapped.

### High Scratch Resistance

OptiBoard has a high hardness factor of more than 2H and is highly resistant to scratches, chips and cracks.

### Eco-Friendly

OptiGlaz, OptiMatt and OptiGrain are all made from Eco-friendly raw materials. OptiGlaz and OptiMatt are manufactured from E0 MDF and OptiGrain from E1.

## Care & Maintenance

### Emissions

OptiGlaz, OptiMatt and OptiGrain board are manufactured from E0 and E1 MDF and comply with Australian manufacturing standards. Product test certificates are available from your Technical Sales Representative. OptiGlaz, OptiMatt and OptiGrain are intended for vertical applications.

### Taking care of your new panels

All OptiGlaz, OptiMatt and OptiGrain board are made from moisture-resistant Medium Density Fibrewood (MDF). MDF is not waterproof, so care should be taken to avoid moisture, steam or humidity and to wipe up spills as soon as possible.

Spills and stains can be cleaned with a damp cloth of warm soapy water. Finish with a dry cloth to remove any residue. Never use any cleaning products which are or contain: alcohol, solvents, abrasives, acetone, paraffin, petrol, pinewood or oils, as doing so can damage your OptiBoard surface.

Following the above steps will help keep your kitchen looking beautiful for years to come. The OptiGlaz, OptiMatt and OptiGrain products are also backed by a 10 year indoor warranty for peace of mind.

## Frequently Asked Questions

### What is your shipping policy?

Our in-house fabrication facility is located in Sydney but we can ship your doors anywhere in Australia. Simply enter your delivery postcode when you begin for shipping options. Your doors will be delivered palletised by tail-lift delivery as near as possible to your delivery address. For alternative arrangements, contact your Technical Sales Representative.

### What is Standard Hinge Drilling?

To fast-track the installation process, we can pre-drill your doors and panels to suit your hinge requirements for a flat fee of \$60 per order. We offer 45mm or 52mm hinge cup options with a standard drilling 100mm from the top of the door and 100mm from the bottom of the door.

In cases where more than two hinges are required due to the height of the door, hinge hole drilling for additional hinges will be evenly spaced between the top and bottom holes, unless otherwise specified. For alternative options, simply list your requirements in the comment section of your door.

### How do I place an order?

You can access our easy to use online ordering app via our website, [www.titustekform.com.au/order-mtm](http://www.titustekform.com.au/order-mtm). Simply enter your delivery postcode and then choose your selections from the drop down menus. For trade pricing, log into your online account before placing your order.

If you'd like to order multiple similar doors, there is an easy copy function in the List of Boards which will duplicate your door for editing. Once you're ready, click 'Checkout' to finalise your order.

## Made to Measure Door Service

### Our Cabinetry

We're committed to improving the competitiveness of our customers by providing premium service and high-quality products at affordable prices. Our Made to Measure doors and panels are fabricated at our Sydney factory to Australian quality standards using the latest generation CNC technology and laser and ABS edgebanding for a superior result and seamless join. Our quick lead times range from 3 days for Sydney Metro to 7 days for Western Australia, to assist your production capacity so you can turn over more projects.

Our carefully selected on-trend colours and finishes create dimension and definition for the perfect touch of style and sophistication.
